

Notice: closure of Nursery 16th January 2024

Unfortunately, we are experiencing an outbreak of illness in Nursery and we are unable to open Nursery tomorrow.

We are following advice from Public Health:

A deep clean of the area will take place tomorrow and we hope to be open on **Wednesday 17th January**. We will alert you if anything changes.

Be vigilant about symptoms including runny nose, high temperature and cough.

If your child experiences any of the above, they should not return to school until **48 hours** after the last symptom has gone.
