Tuesday, 16th November

Dear Parents/Carers,

Year 6 and Bridgewater Bubbles

Following further advice from public health, we have to close the class bubbles for 48 hours.

During this time, your child will need to take a PCR test unless they fit the following criteria:

- A negative PCR since Monday 15th November and displaying no symptoms
- A positive PCR in the last 90 days and do not currently have symptoms

The bubble will reopen and your child will be able to return to school on Friday 19th November, **if their test is negative and they are not displaying symptoms.**

During the next 48 hours, we will conduct a deep clean of the classrooms. Work will be uploaded onto SeeSaw for the next 48 hours and you will receive a text message to inform you when it is accessible.

If your child has a sibling in school, we recommend that you book them a PCR test too. We also recommend that you do lateral flow tests daily with all of your family.

Lateral flow tests for the children in the bubble must be done for the next 10 days up to and including Friday 26th November.

If you choose not to take your child for a PCR test, they MUST remain at home until Friday 26th November.

The children will remain in their class bubble until Friday 26th November.

Thank you for your continued support and we appreciate that this will be a challenging time for you. Please do not hesitate to contact us with any questions.

We would like to take this opportunity to say how much we value your understanding at this time and we could not do this without your goodwill and care for our school community.

Yours sincerely,

A handwritten signature in black ink that reads 'J.A. Kinch'.

Miss Kinch
